

BIO-FORMULA FOR PORTABLE & BIO-TOILETS

Description: Concentrate of the unique, scientifically-developed microorganisms, odor controller & waste digester, specifically designed for portable & bio-toilets. The fragrance provides immediate odor control while the microorganisms break down and digest waste and toilet tissue. Destroys harmful bacteria. Cleans walls of a toilets' holding tank. Eliminates odors, not just by masking them, but also by removing the organics that caused them. By result surpasses modern chemical deodorants and masking agents. Does not require special toilet tissue.

Health benefits: No phosphates, no harsh solvents, no chlorine bleaches, no abrasive substances, no toxic substances, pH neutral. Effective and safe alternative to harsh chemical agents. Awarded with ECO GREEN certificate.

Environmental benefits: Low VOC's, easily biodegradable, minimum impact on aquatic life, recyclable packaging materials, no animal testing.

Directions(for 20 L tank, for bigger sizes increase doses proportionally):

1. Toilets with flush tanks: Pour 15-25 ml (1 cap) into a flash tank and fill with water. Repeat after each dumping of tank.
2. Toilets without flush tanks: Pour 15-25 ml (1cap) into a holding tank and 2 liters of water. Repeat after each dumping of tank.

Ingredients: Proprietary formulation containing viable microorganisms cultures (class 1 "non-pathogenic"), Fragrances.

Made in USA

Available packaging:
150 OZ
